

Robert Williams, PSI President and CEO

Bob Williams is widely recognized as a national leader in child support enforcement. He has played a key role in the IV-D program, including areas such as paternity establishment, child support guidelines, review and modification, parental access to children, and privatization. He has actively participated in management studies of child support enforcement in a half-dozen states and has provided invited testimony to Congressional committees on a range of child support issues - most recently in September 1997. Williams has been actively engaged in executive oversight of PSI privatized sites since the company was awarded the first full-service child support privatization contract in 1991.
